

# Sandhurst Primary School Local Offer

## Inclusive Learning Statement

**Our Vision:** *At Sandhurst Primary School we believe in excellent progress for all*

*and excellent experiences for all, in a safe and caring environment.*

### **What is an Inclusive Learning Statement?**

An Inclusive Learning Statement is information about what our school can offer parents in terms of providing an inclusive education for the majority of children regardless of their need or disability. The idea of the Inclusive Learning Statement (Local Offer) is that prospective parents of children with Special Educational Needs or Disabilities can access our statement and see what we offer to support individual children's needs.

### **So what can we offer at Sandhurst Primary School?**

At Sandhurst Primary School, alongside quality first teaching and a broad and rich curriculum offer, we may provide additional and different provision in order to support children with Special Educational Needs or Disabilities (SEND). Our Inclusion team will oversee the assessment and support of all school based interventions. Our Special Educational Needs and Disabilities Coordinators (SENDCo) manages the Inclusion team and coordinates liaison with external professionals, ensuring appropriate support and interventions are implemented and reviewed.

All interventions and provisions provided are personalised in order to ensure highly differentiated curriculum support. Alongside this, we also use rigorous systems to monitor pupil progress, aid academic and personal achievement and remove any barriers to learning. Our staff follow tailored and universal continuous professional development programmes, in order to aid a structured whole school approach to learning.

We also run a wellbeing programme for staff. This programme helps us to develop and sustain a healthy and supportive working environment for both staff and children to work and learn in.

In order to foster a culture of lifelong learning, curiosity and independent living skills in all of our learners, we may run alongside our universal curriculum the following additional or different types of support for children with SEND:

## Access to a Supportive Environment

At Sandhurst we create a welcoming and nurturing environment. We have high expectations of both behaviour and learning and we constantly strive for the very best for all our pupils. We also acknowledge that children have different needs: some long term, some short term, some very complex, but we aim to support each and every child.
